### SPECIAL NOTICE TO STUDENTS

The catalogue of East Carolina Teachers College, issued in the spring of each year, is intended to give such a description of the work of the college and such a digest of its regulations as are needed by students. Although the courses announced and the regulations given are fairly continuous from year to year, neither of them is valid beyond the succeeding year, for before the end of the succeeding year a new catalogue will have been issued, superseding all previous catalogues.

Ordinarily a student may expect to be allowed to secure a diploma or a degree in accordance with the requirements of the curriculum laid down in the catalogue in force when he first entered the College (see regulations) or in any subsequent catalogue published while he is a student; but the faculty reserves the right to make changes in curricula and in regulations at any time when in its judgment such changes are for the best interests of the students and the College.

## GENERAL INFORMATION

---

The East Carolina Teachers College was established by Act of the General Assembly, ratified the 8th day of March, 1907, under the name East Carolina Teachers Training School. The charter is found in Consolidated Statutes, chapter 96, amended by Extra Session 1920, 1921, and 1925, and as amended, is as follows:

### A BILL TO BE ENTITLED AN ACT TO CHARTER THE EAST CAROLINA TEACHERS COLLEGE

*The General Assembly of North Carolina do enact:*

SECTION 5863. That the trustees of the East Carolina Teachers College, established by an act of the General Assembly of North Carolina of one thousand nine hundred and seven, and located at Greenville, North Carolina, shall be and are hereby constituted a body corporate by and under the name and style of "The Board of Trustees of the East Carolina Teachers College," and by that name may sue and be sued, make contracts, acquire real and personal property by gift, purchase or devise, and exercise such other rights and privileges as are incident to corporations of like character as are necessary for the proper administration of said college.

SEC. 5864. That the said college shall be maintained by the State for the purpose of giving young white men and women such education and training as shall fit and qualify them to teach in the public schools of North Carolina.

### LOCATION

The College is located in the town of Greenville, Pitt County, North Carolina, on a tract of one hundred acres of land. The site is well-nigh ideal; part of the land is covered with a growth of native trees. This woodland furnishes a fine setting for the buildings and is full of attractive walks and nooks for the students. The college is situated on a hill and the sloping lawn makes a beautiful front campus. Greenville is at the junction of the Norfolk-Southern and the Weldon-Kinston Branch of the Atlantic Coast Line. It is on state highways 11, 43, and 264.

### HISTORY

The General Assembly passed an act authorizing the establishment of the College March 8, 1907.

Ground was broken for the first building July 2, 1908.

The first regular session opened October 5, 1909.

Only one-year and two-year curricula were offered.

The first summer school was held May 24 to July 30, 1910.

The first class was graduated from the two-year normal curriculum June 6, 1911.

The College was authorized to offer a four-year curriculum and to grant the Bachelor's degree November 20, 1920.

The first degrees were conferred June 1922.

The College was authorized to grant the Master's degree August 22, 1929.

The first Master's degree was conferred in August, 1933.

The plant of the College, at present, consists of a campus of approximately one hundred acres, on which there are twenty-one buildings appropriate to the work of the College.

### ENROLLMENT

October 5, 1909, the College opened its doors for students. Since that date students have been enrolled as follows:

## AIM

As is seen in the act of the General Assembly, section 5864, the object of the State in establishing and maintaining the College is to give "to young white men and women such education and training as shall fit and qualify them to teach in the public schools of North Carolina."

The aim of the College is to teach its students not only subject-matter but also the processes by which the learning mind functions. Its purpose is to give the students:

1. Such knowledge of the studies taught in the public schools as a teacher must have in order to teach them properly.

2. A knowledge of other studies that are related to the branches taught in the public schools.

3. A knowledge of the mental and physical powers of the child and their methods of development.

4. A knowledge of the principles of education and methods of teaching.

5. The practical application of these principles in the actual work of the schoolroom by practice teaching.

6. A knowledge of the methods of organizing and managing schools.

#### 7. A knowledge of the school law of the State.

In brief, this institution aims to prepare teachers, both theoretically and practically, for teaching in the public school of North Carolina.

### DISCIPLINE

In conducting a college for young men and women who are about to assume the responsibilities of so serious and dignified a profession as teaching, there should be no occasion for arbitrary and iron-clad rules. Each student should attend promptly and faithfully to every duty and have due consideration and regard for the rights and privileges of others.

No rules are made by the College authorities except those necessary to govern routine work, but if the pupil is found to be falling behind in his studies, neglecting his duties or exerting an unwholesome influence, prompt steps are taken for his amendment. If a pupil does not show some disposition to conform to high standards he can hardly be considered good material for a teacher; and if he is found unresponsive to patient endeavors to bring him into the proper attitude to his duties, he is requested to resign his place in the College. Every effort is made to lead the students to choose the right, and the results have been wholly satisfactory.

In the spirit of the institution is found the discipline of the College.

### STUDENT GOVERNMENT

To promote a sense of personal responsibility in the students of the College a Student Government Association has been inaugurated, subject to the approval of the president of the College and an advisory board. This organization adopts such regulations as concern the entire student body. The association has so administered its duties as to merit the approval of both faculty and students.

### HEALTH

There is a central heating and lighting plant that provides steam heat and electric lights for all the buildings.

A modern system of ventilation is installed. The plumbing, draining, and all those things necessary for good sanitary conditions are of the best type procurable. The College gets its water from the town of Greenville. The town owns its waterworks and has the water examined frequently, thus insuring its purity. In short, the College life of each student is made as comfortable as can be, and every possible precaution for health is taken.

The health conditions in the College from the first, have been entirely satisfactory.

### MEDICAL ATTENTION

The College physician visits the institution whenever needed. Two resident nurses are in charge of the Infirmary. This building is equipped with all the necessary furniture. Heating, lighting, plumbing and ventilation are modern.

### STUDENT'S OUTFIT

Each student is expected to bring for her own use the following articles: Two pairs of sheets, one pair of blankets, two counterpanes, two pillow-cases, six towels, covers for dresser and table, a spoon, and a glass.

Only single beds are used.

Note: The college laundry stamps each student's wash with a personal mark for identification.

### BUILDINGS

**ADMINISTRATION BUILDING.** This building was constructed in 1929-30, and is given over entirely to administrative offices. It contains the offices of the President, the Treasurer, the Registrar, and of the Placement Bureau.

**AUSTIN BUILDING.** The Austin Building is the former Administration and Class Room building. It contains thirty class rooms, the stationery room, the book room, teachers' offices, music rooms, and an auditorium where chapel exercises and other general assemblies of students are held.

**SCIENCE BUILDING.** One unit of this building was constructed in 1929-1930. Two additional units will be added as they become necessary. The science and the home economics departments are housed in this building.

**DORMITORIES.** The college is equipped with dormitory space to accommodate 787 students in four dormitories for women students as follows:

Wilson Hall	-----	192 students
Jarvis Hall	-----	162 students
Fleming Hall	-----	190 students
Cotten Hall	-----	288 students

Each dormitory room is provided with two single iron beds with springs, mattress and pillows, two chairs, a table, a lavatory, a bureau, a wardrobe—all the necessary furniture for comfortable living.

**RAGSDALE HALL.** Ragsdale Hall is a dormitory fully equipped for the accommodation of women members of the faculty and other women employees of the college. Its equipment is similar to that of the dormitories for students.

**MEN'S DORMITORY.** The first floor of Ragsdale Hall has been converted into a dormitory for men. Thirty-five men students can be accommodated in these comfortable and well lighted quarters.

**FACULTY RESIDENCES.** On the campus are four residences which are rented to members of the faculty.

**ROBERT H. WRIGHT BUILDING.** The Robert H. Wright Building was named in honor of the first president of the college, who held the office for twenty-five years, and sponsored its construction. It contains a main auditorium, halls for the literary societies, the office of the Alumni Association and rooms for the physical education department.

**LIBRARY.** The Library is a handsome structure of modern architecture, and is well arranged for college work. It contains over 25,000 volumes. It has a well

selected pedagogical and reference library, and a good collection of standard fiction. Many bulletins, magazines, and newspapers are readily available to students.

**DINING HALL.** The College dining hall is one of the most attractive buildings of the institution. The equipment in the kitchen is modern in every sense. For the preservation of meats, vegetables, and other foodstuffs, the College has a refrigerating plant of the best type. The dining hall is under the direction of a trained dietitian and each menu is made out with much care—the object being to provide for the student body the most wholesome food and to see that this food is prepared in the best way possible.

**COLLEGE POSTOFFICE.** The college postoffice is located in a wing of the dining hall. Students, faculty, and officers of the college may secure postoffice boxes for convenience in getting their mail. Regular mail deliveries from the downtown office are received at least twice a day and outgoing mail is taken up at the same time.

**LABORATORY SCHOOL.** The College has a well equipped school building on the campus for practice teaching purposes in the elementary grades. This school has an enrollment of over 500. For practice teaching in high school subjects, the College has a coöperative arrangement with the Greenville High School. This school has an enrollment of about 650.

**THE LAUNDRY AND POWER PLANT.** The laundry and the power plant are under the same roof. The equipment here, as in the other buildings, is of the best possible type. The laundry has all the necessary equipment for efficient laundry work.

The power plant supplies sufficient power for heating and lighting the College and for refrigeration. There are two sets of units, so that if one is out of commission the other may be used, thus preventing inconvenience, as well as saving wear and tear on machinery.

## STUDENT PUBLICATIONS

The *Teco Echo*, the college paper, is published twice a month by the students. It carries the usual college and alumni news, and is designed to furnish an outlet to student expression on all matters pertaining to their educational development.

*The Tecoa*n is the college annual. It is published by the students at the close of each regular school year.

## ORGANIZATIONS

The attitude of the College toward organizations is to encourage those that are intended to preserve health, develop character, promote a spirit of democracy, and advance the educational welfare of the students.

## ATHLETICS

Physical education and athletic facilities are provided for both men and women students. The Student Athletic Association fosters both intra-mural and inter-collegiate athletic contests. Facilities are provided for tennis, volleyball, basketball, football and baseball. While athletics for men is relatively new in the College the men's athletic teams made gratifying progress during the past few years. Students are encouraged to take a sufficient amount of exercise, both indoor and outdoor, to insure good health.

Tennis, volleyball, and basketball clubs have been organized by the students, games have been played with outside institutions, and much good has been derived through the friendly contests held on the campus. A cross-country walking club has been one of the features in athletics. These sports are encouraged not only for the physical training that is gained through them, but for the contributions which they make toward character-building. On the athletic field the student gains the power of self-control—a most valuable asset to every person who expects to become a teacher.

## YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The religious interests of the College are centered in the Young Women's Christian Association. This association was organized in 1909, since which time it has done very effective work in promoting high ideals among the students. All students are urged to take an active part in this phase of College work. Regular devotional meetings are held.

The organization has its own building for religious and social activities.

Clubs for the study of the Sunday School lessons meet regularly. Every year this Association sends delegates to the Southern Student Conference, held at Blue Ridge, North Carolina, where methods are studied for the better prosecution of the ensuing year's work.

The Association renders efficient aid in meeting new students and in the organization of the College at the opening of the fall quarter.

## OTHER ORGANIZATIONS

Among other organizations on the campus are:

Student Body Association for Women

Student Body Association for Men

Student Council

Varsity Club

Glee Club

Orchestra

Literary Societies

Edgar Allan Poe

Sidney Lanier

Emerson

Department Clubs

English, Mathematics, Science, Commerce,

Primary Education, French

## STUDENT LOAN FUNDS

Since the founding of the College in 1909, graduating classes, alumni, organizations, and individual friends of

the College have contributed towards loan funds for worthy students.

The first gift towards a loan fund was made by the class of 1911, the first class to be graduated from the College. For more than a decade, each succeeding class made a liberal contribution towards that fund which was called the "Students Loan Fund." The class of 1922 named their gift the "Wilson Loan Fund." The alumni established the "Beckwith Loan Fund" and the "Austin Loan Fund." The funds from the above sources now total \$3,418.28.

Other donors of loan funds together with present values of those loans are listed below:

The A. B. Andrews Loan Fund .....	\$4,352.93
The Masonic Loan Fund .....	5,995.25
The Pitt County Club Women's Loan Fund .....	2,666.85
The Kiwanis Club Loan Fund .....	141.05
The Masonic Theatre Loan Fund .....	280.63
Saint Bernard Loan Fund .....	981.52
Knights Templar and Royal Arch Masons Loan Fund ..	842.70
*The Addie Fulford Rodman Memorial Loan Fund	
The Abbott Loan Fund .....	1,891.54
General Fund .....	2,724.87
The Robert H. Wright Loan Fund .....	5,311.64

THE ROBERT H. WRIGHT MEMORIAL LOAN FUND in memory of Robert Herring Wright, President of East Carolina Teachers College for twenty-five years, is being set up by former students, alumni, members of the faculty and staff of the College and friends of the former President.

\*THE ADDIE FULFORD RODMAN MEMORIAL LOAN FUND, donated by Colonel W. B. Rodman in memory of his wife, yields approximately \$400 per year. This fund is in the custody of the State Department of Public Instruction.

During the school year 1933-34 two new loan funds were started—one by the Pitt County Medical Society and the other by the Greenville Tobacco Market. These two funds continue to grow.

## APPLICATIONS FOR LOANS

Applications will be considered by the Loan Fund Committee of the College when made by students on blanks furnished by the Treasurer. The funds are limited in amount and are loaned to students only for use in their junior and senior years and on the surety of two approved signatures. Application should be made at least two weeks before the beginning of the quarter for which the loan is desired.

## SCHOLARSHIPS

**THE ANDREWS SCHOLARSHIP.** An endowed scholarship, valued at \$100.00 annually, and known as the Andrews Scholarship has been given by Mr. A. B. Andrews in memory of his wife, Helen Sharples Andrews.

**U. D. C. SCHOLARSHIPS.** (a) The Samuel S. Nash Scholarship, \$130.00 annually, is given by the Thirteenth District of the United Daughters of the Confederacy.

(b) The Gen. Jas. Johnston Pettigrew Scholarship, \$130.00 annually, is given by the North Carolina Division of the United Daughters of the Confederacy.

Scholarships and loan funds are not available to students during their first year of college work. Preference in these awards is given to students approaching graduation and to those who have made high scholastic and citizenship records. Each loan is limited to three-fourths of the amount of the student's fees. Loans are made for only one year at a time.

## GIFTS TO THE COLLEGE

The two literary societies and the various graduating classes have left a large number of donations to the College. Among these gifts are oil portraits of the four men most closely associated with the establishment of the College, money with which to buy plants and shrubbery for the campus, books for the library, funds for interior decoration, and curtains for the stage.

## PLACEMENT BUREAU

To the Placement Bureau of the College are referred all matters relating to the placement of its graduates. Any graduate of the College is eligible for registration in the Bureau, and there is no charge.

The services of the Placement Bureau are available at all times to school officials, whether they wish the College to make recommendations or seek a frank, confidential opinion regarding graduates who have applied to them for teaching positions. In responding to a call for a teacher, the Bureau endeavors to recommend those who are best equipped and adapted by training, experience, and personality for the position in question.

## DATA ON TEACHERS' CERTIFICATES IN NORTH CAROLINA

The State will issue certificates to graduates of the College as follows: High School Certificate A, Grammar Grade Certificate A, or Primary Certificate A. The kind of certificate issued will be determined by the course of study pursued.

The table below gives in condensed form the certification requirements in force in North Carolina at the present time.

Class of Certificate		Requirement	Valid for	Renewed by Earning
1. High School	School Principal	College graduation	5 years	Six Semester hrs. Graduate work
2. Elementary		College graduation and three years teaching experience		
3. Elementary Supervisor	School	College graduation and three years teaching experience	Life	_____
4. Primary or Grammar Grade A	Grammar Grade B	College graduation	Life	_____
5. Primary or Grammar Grade B		Three years college or 90 semester hours	5 years	Graduate work
			5 years	six semester hrs.

Certain requirements in professional and academic subjects must be met for each certificate. A satisfactory record of proficiency in spelling and penmanship must be met before a certificate to teach in the elementary school will be issued.

## HIGH SCHOOL TEACHERS CERTIFICATES

These certificates will be issued on the basis of transcripts of college records which show that a required

amount of professional credit and specialized work on major subjects has been earned. Graduation from college is required.

Each applicant should meet the requirement in two or more teaching fields. Subjects for which certification is granted will appear on the certificate.

The professional requirements on all High School Teachers certificates shall be 18 semester hours (27 quarter hours) as follows:

1. Educational Psychology ----- 2 sem. hrs.
2. Principles of High School Teaching  
    or  
    Problems in Secondary Education ----- 2 sem. hrs.
3. Materials and Methods ----- 2 sem. hrs.
4. Observation and Directed Teaching ----- 3 sem. hrs.
5. Electives in Education ----- 9 sem. hrs.

The minimum subject matter requirements for the teaching of any subject, shall be:

#### CERTIFICATES FOR TEACHING IN THE ELEMENTARY SCHOOLS

All certificates now in force and those to be issued hereafter under the present rules of certification in North Carolina, will remain and be in full force and effect, with the privilege of renewing and raising under the conditions that were in force on July 1, 1928.

The classes of certificates that will be issued are:

1. Elementary School Supervisor's certificate.
2. Elementary School Principal's certificate.
3. Grammar Grade or Primary certificate, Class A.
4. Grammar Grade or Primary certificate, Class B.

Before any certificate will be issued for teaching in the elementary schools, the records from the institution in

CAMPUS SCENE—LOOKING EAST

LAKE SCENE—EAST CAMPUS

which the applicant received her training, must show that she has reached a satisfactory state of proficiency in spelling and penmanship. The certification will be made by the institution and will appear on the record.

Grammar grade and primary certificates, Class A, require graduation from a standard four year college or the equivalent, embracing not less than 120 semester hours.

Grammar grade and primary certificates, class B, are issued on a minimum credit of ninety semester hours, or three years of standard college work, including specific subject requirements.

#### **Primary and Grammar Grade A Certificate**

After 1938 the State Department of Certification will require the satisfactory completion of the requirements for a degree from a standard college and the specific certificate requirements as qualifications for the primary and grammar grade A certificate. This means that the department will not issue a primary A or a grammar grade A certificate merely on the earning of a minimum of 120 semester hours, including specific subject requirements after 1938. The completion of college graduation will then be necessary to secure the A certificate in any field.

#### **EXTENSION AND CORRESPONDENCE CREDIT**

A student is not allowed, except by special permission from his adviser, and then only when he is carrying less than the maximum amount of work, either to begin or to continue correspondence or extension courses while taking work in residence at East Carolina Teachers College.

Moreover, a student enrolled for correspondence or extension work with another college must notify his adviser when he is taking such courses. Students are held individually responsible for any violation of this regulation.

Not more than fifteen per cent of the total hours required for the completion of any curriculum shall be earned through correspondence or extension study, or both.

**FIELD COURSES****Regulations Governing Field Courses**

From time to time field courses may be offered by the college to students who desire to enroll for educational tours through certain sections of the United States. The field courses do not duplicate any other courses offered by the college, and credit for them will be counted only as free electives on the student's curriculum. Application for admission to an educational tour must be made to the Registrar of the College in the same manner as for admission to residence study.

1. Credit will be given according to the length of trip on any given course as follows:
  - a. A maximum of twelve quarter hours for a field course of 36 days with a minimum of two days on the campus before the course starts and five days on the campus at the close of the course.
  - b. A maximum of nine quarter hours credit will be given for a field course of 27 days with a minimum of two days on the campus before the course starts and three days on the campus at the end of the course.
  - c. A maximum of six quarter hours credit for a field course of 18 days with a minimum of two days on the campus before the course starts and three days on the campus at the close of the course.
  - d. A maximum of three quarter hours credit for a field course of 11 days with a minimum of one day on the campus before the course starts and two days on the campus at the close of the course.
2. Not more than twelve quarter hours credit toward the A.B. degree will be allowed any student for field courses.
3. All field courses for which credit is given shall be made by the college.

4. The usual college regulations shall apply to the time limit for completing the work and reporting grades to the Registrar at the close of the course.
5. Not more than thirty students per teacher shall be included in any field course.
6. The usual college regulations as to tests, readings, etc., shall apply to field courses.

#### SUMMER QUARTER

It is the aim of the College to render every service it may to advance the best interests of public education in our State. Realizing that many teachers wish to study after their schools close, that they may better equip themselves for their profession; also realizing that all the schools of the counties do not close at the same time, the College, to meet these conditions, will admit students at the beginning of any regular quarter, and in addition to this it conducts a summer quarter.

The summer quarter is equivalent in all respects to any other quarter in the College year. Credits completed in the summer quarter count toward graduation.

If there is sufficient demand for any of the courses offered in this catalogue, the course is given. See summer school bulletin for information in detail.

#### OBSERVATION AND PRACTICE TEACHING

Observation and practice teaching are required for graduation in any curriculum in East Carolina Teachers College.

Application for the course in Observation and Practice Teaching must be made to the Registrar on a form provided, at least one month before the beginning of the quarter in which practice teaching is desired.

Since it may not be possible to admit all applicants to this work during a given quarter, they will be accepted in the order of the date of application.

The student must have an average grade of 3 on all of his college work before he will be admitted to the practice teaching group.

No student will be admitted to Practice Teaching until he has done two full quarters of work in this college.

Each student working for the B.A. degree must teach two quarters. This work is preceded by carefully directed observation. Practice teaching is directed by a supervising teacher in charge of each room, by teachers of subject matter and methods courses in the College, and by the Director of Training Schools, who is in general charge of this phase of work.

The supervising teachers meet the student teachers in regular conference periods, and the methods teachers have frequent conferences with them. Each student is placed in the work for which he is best fitted, then he is given careful instruction in handling children and in presenting subject matter to them. Before the close of the year each student is left in complete charge of his class for a limited time, so that he may try himself out under conditions approaching an independent teaching situation.

#### FRESHMAN REGISTRATION

In order to facilitate the process of adjustment which the beginning student must pass through, the College has set up at the beginning of the fall quarter a "Freshman Registration" program for all students who are entering here for the first time. The events of this program include preregistration counseling, special lectures in student traditions and College regulations, tours of the College plant, social features, and registration for the quarter. This program begins with a meeting of the entire freshman class in the auditorium at 2:00 P. M. on the first day of registration. All students entering the College for the first time in the freshman class are required to be present at all appointments comprising the freshman registration program.

#### ADMISSION

Application for admission to East Carolina Teachers College must be made on a form provided by the College. It must be approved by the Registrar before the student is permitted to enroll. The application for admission

must be accompanied by the reservation fee of \$5.00. This fee will be refunded if the application is withdrawn at least thirty days before the date of contemplated registration. The reservation fee becomes a registration fee if the student presents himself at the College for registration, and it is not then refundable.

The dates for registration in the different quarters of the college year are given in the calendar which appears in each annual catalogue.

Registration is not complete until all fees for the quarter have been paid or arrangements made with the Treasurer for paying them, and required forms on file in the Registrar's office.

Students are admitted to East Carolina Teachers College under any one of the following conditions:

1. The satisfactory completion of a four year course in an approved secondary school, with sixteen units of credit.
2. The equivalent of such a course as shown by passing the College entrance examination.
3. Graduation from a four-year non-standard classified high school, and passing the State Senior High School examination (for admission to College), with sixteen units of credit.
4. Evidence of having satisfactorily completed a standard secondary course in an accredited private or denominational school.

The major portion of the secondary school course accepted for admission should be definitely correlated with the curriculum to which the student is admitted.

To be admitted to any curriculum a student must be sixteen years of age.

Students admitted on a transcript from another college must have passed more than 50% of the credit hours of work carried during the last session in such college.

A foreign language is not required for admission.

## CLASSIFICATION

Students working toward the completion of a definite curriculum in East Carolina Teachers College will be registered with a definite classification, as Freshman Primary, Senior Grammar Grade, etc. Those taking a full schedule of studies for purposes other than graduation in this college will be listed as "Unclassified." Students taking a limited schedule of study per quarter without

regard to the scholastic credit will be classified as special students. Students having fewer than 43 quarter hours, are classified as Freshmen; those with 43 to 91 quarter hours are classified as Sophomores; those with 92 to 138 quarter hours are classified as Juniors, and those with 139 quarter hours or more are classified as Seniors.

### CREDIT

The College operates on the quarter plan. The fall, winter, spring, and summer quarters are each approximately twelve weeks in length. The College is in session six days per week. Most classes meet three days per week. A quarter hour of credit is earned by one recitation period per week for one quarter, three quarter hours of credit are earned in a class that meets three times per week for a quarter, etc.

Seniors electing courses numbered below 100 will be allowed no more than two-thirds of the credit such courses carry.

Credit will not be allowed in courses which substantially duplicate courses already completed.

### REQUIREMENTS FOR GRADUATION

Any student who receives a degree from East Carolina Teachers College must have done as much as one year (36 weeks) in residence study in this College. The three quarters need not be consecutive, but the last quarter of resident study previous to graduation must be done in this College.

Any student who receives a degree or diploma from the College must meet the requirements of the catalogue under which he enters or of some subsequent catalogue, provided that no student will be permitted to graduate under a catalogue issued more than seven years prior to the date of his graduation.

Provided further that no person will be graduated from the College who has not fully met all the requirements laid down by the State Department of Certification for the teachers certificate to which his curriculum specifically leads.

An average grade of three must be made on all courses taken, as a requirement for graduation, except that grades earned on correspondence and extension courses and those earned in summer schools other than East Carolina Teachers College, will not be so considered.

A student who changes from one curriculum to another will be required to complete fully all of the required core of the curriculum from which he is to be graduated.

Presence at graduating exercises is required, except when permission for graduation in absentia has been granted by the Registrar. A written request for such a permission must be made at least ten days before commencement.

Application for graduation must be made on a blank provided by the college not later than registration day of the last quarter the student is enrolled in the college. The diploma fee of \$5.00 must accompany the application.

Before a student is granted a diploma he is required to pass a test in spelling. Students majoring in primary and grammar grade work must also pass a proficiency test in handwriting. To pass the spelling requirement the student must make a score equal to or better than the eighth grade norm on each of two standard spelling tests. To pass the handwriting requirement the student must equal or better the quality score of seventy on the Ayer's handwriting scale. Passing scores in these tests constitute a prerequisite to practice teaching. These tests will be offered and students will be required to take them during the first year in residence. Names of those passing the tests will be reported to the Registrar's office on the form regularly used to report class grades.

#### REGULATIONS CONCERNING STUDENTS' PROGRAM

All regular students are required to schedule at least 12 credit hours per quarter.

Courses may be dropped within the first four weeks of the quarter provided such changes are approved by the teachers whose courses are concerned, by the student's adviser, and by the registrar. If a student registers for and pursues a course for four or more weeks after regis-

tration, discontinuance of such a course will be considered as a failure in fixing the next quarter's program of work, and will be recorded as a failure on his permanent record.

The maximum number of credit hours a student may schedule per quarter is: Freshman and Seniors, 16; Sophomores and Juniors, 18. No variation in these limits shall be made without permission of the Committee on Classification. No student will be given permission by the Committee on Classification to schedule more class hours per week than the maximum allowed by college regulations unless (1) he has an average grade above 2.5 on the subjects already taken in college, (2) ninety per cent of his college grades are 3 or better, (3) he has a satisfactory student government record, and (4) he presents to the Committee on Classification the written recommendation of his advisers that he be permitted to schedule the additional hours.

Students cannot enter courses later than the beginning of the third week of the quarter and get credit for such courses.

Students may drop courses from their programs and take other courses instead, provided such changes are made before the beginning of the third week of the quarter and provided also that such changes are approved by the teachers whose courses are concerned, by the student's adviser, and by the Registrar. A charge of twenty-five cents will be made for each subject added or dropped from a schedule at the student's option.

If a student makes one or more 5's, he shall be required during the next quarter he attends the college, to take three hours of work fewer than he carried during the quarter the 5's were made, except that all regular students must schedule a minimum of twelve hours per quarter.

Students, other than first quarter freshmen, who fail to carry successfully at least nine quarter hours of work during any quarter shall not be readmitted to the college during the next succeeding quarter. This regulation is enforced strictly.

Special students having a schedule of fewer than nine

hours must receive a passing mark on each subject scheduled in order to be eligible to readmission to the next succeeding quarter of the college.

### CURRICULA OFFERED

In order to carry out the aims of the College the following regular curricula of instruction have been arranged and are offered:

- (a) A Four-Year Curriculum leading to the A.B. Degree, for those who expect to become Primary Teachers.
- (b) A Four-Year Curriculum leading to the A.B. Degree, for those who expect to become Grammar Grade Teachers.
- (c) A Four-Year Curriculum, leading to the A.B. Degree, for those who expect to become High School Teachers.
- (d) Course for Principals and Supervisors of Elementary Schools.
- (e) Graduate work leading to the M.A. Degree.

### COLLEGE FEES

The fee for day students, i.e., those not living in one of the college dormitories, is \$32.50 per quarter of twelve weeks.

The fee for dormitory students is \$92.50 per quarter. This fee covers tuition, instruction, board, room, laundry, rental of text-books, admission to college entertainments, subscription to the college paper, and infirmary service for minor illness.

A reservation fee of \$5.00 must accompany the application for admission from all students. The fee is credited to the student's account, provided he enrolls in the quarter for which reservation is made. If he wishes to withdraw his application and notifies the college in writing at least thirty days before the opening of the quarter, the fee will be returned to him.

## FEES PAYABLE EACH QUARTER BY ALL STUDENTS

	Board and Room	Registration Books, etc.	Tui- tion	Student Activity	Total
Dormitory Student	\$60.00	\$7.50	\$20.00	\$5.00	\$92.50
Day Student -----		\$7.50	\$20.00	\$5.00	\$32.50

All the fees above, except the student activity fee, must be paid to the Treasurer at the beginning of the quarter.

The student activity fee must be paid to the Secretary of the Student Government Association at the beginning of the quarter.

## OTHER FEES

Non-residents of N. C. (per quarter)-----	\$10.00
Students taking piano (per quarter)-----	20.00
Laboratory fees in certain subjects-----	2.00
Diploma fee (with application for graduation)----	5.00
Late registration -----	1.00
Changes in schedule (per subject)-----	.25
Transcript (after first) -----	.50

These fees are subject to revision by the Board of Trustees of the college.

To be exempt from the out-of-state fee:

1. The parents or guardian of a student must be residents of the state at the time of his registration, or
2. The student must have established residence in the state at least six months before he entered the college.

A resident student is construed to be one who actually lives in the State and not one who has merely moved into the State for the purpose of securing an education from one of the State Institutions.

## WITHDRAWALS

Students who, for any reason, withdraw from the college before the end of any quarter will have a propor-

tionate part of the amount paid for board refunded. In addition, if a student withdraws before registration for the quarter is closed, one-half of the fees for room and tuition will also be refunded. Refund will be calculated from the date of official withdrawal from the College.

### GRADUATE INSTRUCTION

Graduate instruction is organized to provide for two classes of graduate students: first, those who wish to become candidates for the degree of Master of Arts, and second, those who wish to do work beyond the Bachelor's Degree without reference to a higher degree.

#### 1. Admission to Graduate Instruction.

Application for admission to graduate instruction must be made to the Registrar of the College. Blanks for this purpose may be secured from his office.

To be admitted to graduate instruction, an applicant must hold a Bachelor's Degree from this College or from some other institution of equal rank or lack not more than six quarter hours of work to complete the resident requirements for the Bachelor's Degree, provided he is recommended for graduate standing by the Director of his Major Department. He must also have met the undergraduate requirements for his major and minor fields and made not less than an average grade of three in all his undergraduate work.

If the under-graduate work of an applicant does not show the completion of at least fifteen quarter hours in English, nine of which shall be Composition, and twenty-four quarter hours in Education and Psychology, such deficiencies shall be made up before the Master's Degree will be conferred.

#### 2. Requirements for the Master of Arts Degree.

Before the degree of Master of Arts is conferred upon a candidate he shall meet the following requirements:

(1) Be in residence at least three full quarters, provided that nine quarter hours shall count as the minimum

of work for one quarter in residence; (2) complete at least 42 quarter hours of work with no grade less than a 3; (3) complete at least 21 quarter hours, including seminar, supported by additional under-graduate requirements in a major field, and at least 12 quarter hours in a minor field; (4) submit a type-written thesis showing the results of his investigation of some subject or problem related to his major field. The subject of the thesis shall be approved by the head of the major and minor departments by the graduate committee at least two quarters before the degree is conferred. One bound type-written copy of the thesis shall be filed with the Librarian before the degree is conferred; (5) complete at least nine quarter hours in Education and Psychology; (6) satisfy the Graduate Committee as to his ability to teach. This may be done in either of the following ways: (a) by successful teaching experience, or (b) by successful student-teaching.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course is planned to give the necessary training in planning, construction, and maintenance of physical education equipment and supplies, and of playground equipment.

Laboratory fee, \$2.00.

## 260. House Planning and Household Mechanics.

Winter quarter. Three hours per week. Credit: three quarter hours.

A non-technical course dealing with the problems involved in the design, construction, and repair of houses. Includes a study of common building materials, repair of equipment, heating and ventilation, plumbing, lighting, and household safety.

Laboratory fee, \$2.00.

## 265. Stagecraft.

Fall quarter. Three hours per week. Credit: three quarter hours.

A course in play and carnival productions with stress on the technical elements. Theory and practical problems in the fields of stage costuming; design, construction and painting of scenery; stage lighting; make up; and organization of production crews and committees.

Laboratory fee, \$2.00.

## MATHEMATICS

Mr. Rebarker, Miss Graham, and Miss Williams

## 42. Arithmetic for Elementary Majors.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors. The course deals with the following topics: reading and writing of numbers, fundamental processes with integers and fractions, aliquot parts, bills and accounts, ratio and proportion, denominate numbers, formulas, graphs, drawing to scale, and problem solving.

## 57-58. Plane Trigonometry.

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

The course includes the derivation and use of formulas, solution of the right triangle with natural and logarithmic functions, solution of oblique triangles, functions of any

angle, functions of two or more angles, inverse functions, and practical applications.

✓ 59. Solid Geometry.

Spring quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

The course is comprised of the fundamental theorems, mensuration of surfaces and solids, and original exercises.

✓ 60-110. College Algebra.

Spring and Fall quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

A rapid review of high school algebra is given; also a study of systems of quadratic equations, functions, graphs, complex numbers, progressions, permutations and combinations, probability, theory of equations, binomial theorem, mathematical induction, and determinants.

121-122. Plane Analytic Geometry.

Winter and Spring quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 57, 58, 59, 60, and 110.

A study of rectangular coordinates, loci, the straight line, the circle, polar coordinates, conic sections, transformation of coordinates, higher plane curves, and an introduction to coordinate geometry in space.

136. Arithmetic for Elementary Majors.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors.

Prerequisite: Mathematics 42.

The course is devoted to the study of percentage and its applications.

154. Arithmetic for High School Majors.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of high school majors.

The course aims primarily to develop accuracy and facility in the integral and fractional processes, and the ability to apply these processes to percentage and its application, mensuration, denominate numbers, ratio and proportion, business forms, and problem solving.

**156. General Mathematics.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of all students except mathematics and home economics majors.

Prerequisite: Mathematics 42 and 136, or 154.

The course is designed to give a general knowledge of some important phases of mathematics which are frequently used in social, industrial, business, and professional life. It includes a study of formulas, graphs, time-rates, mathematical forms and designs, intuitive development of common mathematics principles, common logarithms, slide rule, trigonometry of the right triangle, variation, and functions.

**210. Teaching of Grammar-Grade Arithmetic.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of grammar-grade majors.

Prerequisite: Mathematics 42 and 136.

The course consists of a professionalized treatment of the subject matter of arithmetic for the grammar grades. Modern methods of teaching grammar-grade arithmetic are presented through a study of recent publications on the subject. The course also includes observations of the grammar grades in the laboratory school.

**212. Teaching of Primary Arithmetic.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary majors.

Prerequisite: Mathematics 42 and 136.

It is the purpose of this course to present the most modern methods of teaching primary arithmetic. The course consists of a study of the latest publications and courses of study in primary arithmetic, together with the findings of experimentation in the field of primary number work. The course also includes frequent observations in the laboratory school.

**213, 214, 215. Differential and Integral Calculus.**

Fall, Winter, and Spring quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 121 and 122.

The course is devoted to the following topics: functions, theory of limits, differentiation, differentials, application of

derivatives and differentials, integration, and the application of integrals.

### 216. Teaching of Senior High School Mathematics.

Spring quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

A study of the teaching objectives of senior high school mathematics, organization of content, general and specific teaching techniques, testing, and the observation of teaching.

### 232-233. College Geometry.

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 121 and 122.

The course includes a study of geometric construction, similar and homothetic figures; properties of the triangle including the circum-circle, medians, bisectors, and altitudes; transversals, harmonic properties of circles, and inversion. Many miscellaneous theorems and exercises are presented for solution.

### 245. Teaching Apprenticeship.

Each quarter. Five hours per week. Credit: three quarter hours.

The purpose of the course is to familiarize the student with class routine, general and specific teaching techniques in secondary mathematics, and principles of teaching, through directed observation, preparation of materials, and participation. A high school class in mathematics will serve as a laboratory for the course.

### 272. Field Work in Mathematics.

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 57 and 58, or 156.

The purpose of the course is to teach the significance and the use of the slide rule, plane table, level, sextant, and the transit through participation in activities involving the utilization of these instruments.

### 315. Observation and Practice Teaching.

One quarter. Nine hours per week. Credit: six quarter hours.

Required of mathematics majors.

**318. History of Elementary Mathematics.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

Prerequisite: Mathematics 213, 214, and 215.

The course is designed to give a general view of the development of the elementary branches of mathematics: arithmetic, algebra, synthetic and analytic geometry, trigonometry, and calculus.

**319. Teaching of Junior High School Mathematics.**

Winter quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

The teaching objectives of junior high school mathematics, organization of subject matter, analysis of textbooks and courses of study in junior high school mathematics, general and specific teaching techniques in junior high school mathematics, and the observation of teaching.

**325. History of Arithmetic.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors.

Prerequisite: Mathematics 42 and 136, or 154.

A study of the history of the development of arithmetic as a science and as a school subject, with special emphasis on methods and devices through the application of which the science of numbers has reached its present stage of development.

**400. Seminar.**

Three quarters. Two hours per week. Credit: six quarter hours.

Required of students writing theses in the field of the teaching of mathematics.

**425-426. Theory of Equations.**

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Prerequisite: Mathematics 213, 214, and 215.

A study of complex numbers, roots, geometric construction, cubic and quartic equations, graphs, isolation of real roots, solution of numerical equations, determinants, and symmetric functions.

**432-433. Differential Equations.**

Fall and winter quarters. Three hours per week. Credit: three quarter hours each.

Prerequisite: Mathematics 213, 214, and 215.

A study of ordinary differential equations of the first and second orders, and their application to elementary mechanics, with emphasis on geometric interpretation and application.

**442. Advanced Calculus.**

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 213, 214, and 215.

A study of the definite integral as a sum and its applications, partial derivatives, development in series, and multiple integrals.

**443. Solid Analytic Geometry.**

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 213, 214, and 215.

A study of coordinate geometry in space, the point, the line, the plane, surfaces of revolution, and quadratic surfaces.

**455. Readings and Research in the Teaching of Arithmetic.**

Fall quarter. Three hours per week. Credit: three quarter hours.

A study of the field of literature relating to the field of the teaching of arithmetic, with special emphasis on educational research in the teaching of arithmetic.

**456. Readings and Research in the Teaching of Secondary Mathematics.**

Winter quarter. Three hours per week. Credit: three quarter hours.

A study of educational literature relating to the field of the teaching of secondary mathematics with special emphasis on research in this field.

**465. Educational Statistics.**

One quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Education 330.

(See Education 430.)

**MUSIC EDUCATION**

Mr. Tabor, Miss Dormer, Miss Gorrell, and Miss Kuykendall

The purpose of the Department of Music Education is three-fold:

1. To meet the needs for competent Vocal and Instrumental Teachers of Music in the state of North Carolina and its surrounding territory. This need will be met by presenting, to students with a native musical talent, a complete and well rounded curriculum in Music Education.
2. To meet the music needs of students majoring in the fields of Elementary Education.
3. To meet the musical needs of all students who desire to broaden their cultural background through the arts.

10. Theory.

Fall quarter. Three hours per week. Credit: three quarter hours.

Aim: To provide the student with a thorough understanding of music fundamentals.

Topics: Essentials of music notation; solfeggio; sight-singing and ear-training through the use of rote songs to be used in the public schools, simple dictation and harmonization.

11. Theory.

Winter quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Music 10.

12. Corrective Speech.

Every quarter. Three hours per week. Credit: three quarter hours.

Aim: To analyze and to correct, through the use of class members, speech difficulties.

This course is based upon the principles of good singing.

Topics: Voice modulation, nasal voice, throat tone, correct breathing in speaking, single and double vowels, voiced and voiceless consonants, articulation, enunciation, and pronunciation.

**106. Acquaintance with the Literature of Music.**

Fall quarter. Two hours per week. Credit: two quarter hours.

A survey of the musical literature from the various historical periods in music; a study of outstanding composers and examples of their compositions; development of vocal and instrumental forms; listening lessons through programs by radio, piano, phonograph and local concerts; creative music; original melodies and dances; song interpretation.

**107. History of Musical Development.**

Winter quarter. Two hours per week. Credit: two quarter hours.

A study of the characteristics of the various historical periods in music. Development of Song form; Sonata Symphony; chamber Music; Opera; Modern Music tendencies. Music in its relation to peoples of the earth. Folk Songs and Dances of the various countries with illustrations.

**110. Harmony.**

Fall quarter. Two hours each week. Credit: two quarter hours.

Aim: To provide the music major with a thorough working knowledge of harmonic problems.

Topics: Study of scales, intervals, construction of triads in major and minor modes with inversions of the common chords and seventh chords—Two, three, and four part writing, modulation and simple analysis with keyboard practice.

**111. Harmony.**

Winter quarter. Two hours each week. Credit: two quarter hours.

Prerequisite: Music 110.

**112. Harmony.**

Spring quarter. Two hours each week. Credit: two quarter hours.

Prerequisite: Music 111.

**113. Orchestration and Composition.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Arranging for orchestra, band, and small instrumental groups. Instrument ranges, tone qualities, and best usages

in orchestration. Principles of composition for choral and instrumental groups.

## 202. Music Education in the Primary Grades.

Every quarter. Three hours per week. Credit: three quarter hours.

A study and interpretation of rote song repertory; correction of monotone tendencies; musical experiences of primary children; child voice and its care; creative music; change from rote to note; music in its relation to the primary school curriculum. Observation in the laboratory school.

## 203. Music Education in the Grammar Grades.

Every quarter. Three hours per week. Credit: three quarter hours.

A study and selection of musical literature for grammar grades: Folk songs, two and three part songs, orchestral instruments, program selection, radio and concert; child voice: changing boy voice—introduction of Bass Clef—music in its relation to the Grammar-Grade curriculum. Observation in the laboratory school.

## 204. Music Education in the Junior and Senior High School.

Every quarter. Three hours per week. Credit: three quarter hours.

Topics: Theoretical courses for high schools: theory, harmony, history, and appreciation; music clubs as extra curricula activities; chapel programs and assembly singing; applied music in the high school; orchestra (seating, rehearsals, programs); band (seating, rehearsals, programs); choruses (seating, rehearsals, programs); piano and instrumental group instruction in the high school.

## 205. Conducting.

Fall quarter. Two hours per week. Credit: two quarter hours.

Study of the fundamentals of choral and orchestral conducting. The technique of the baton; theory and practical experiences with college organizations will be provided music majors.

## 118. Music in the Home.

Every quarter. Three hours per week. Credit: three quarter hours.

A study of musical literature for the entire family. Compositions suited to the various ages. Musical instruments and their place in family life. Books on music which will add to family enjoyment. Reproduced music in the home. Elective for all students, including music majors.

### 211. Music and Its Relation to the Elementary School Child.

Every quarter. Three hours per week. Credit: three quarter hours.

A study of the musical experiences of elementary school children and the materials available; rote song repertory; sight singing; unison, two and three part song; child voice and its potentialities; correction of monotone tendencies; music literature for the elementary child; Music in its relation to the Elementary school. Observation in the laboratory school.

### 212. Creative Music.

Spring quarter. Three hours per week. Credit: three quarter hours.

A practical course in instrumental construction. Presented jointly by the Industrial Arts and Music Education Departments. Projects in instrumental construction for the public schools are presented by the students.

Elective for all students.

Credited as Industrial Arts 231.

### 302. Music Experiences in the Public Schools.

Every quarter. Three hours per week. Credit: three quarter hours.

Observation and discussion of practical music experiences encountered in the public schools.

Elective for all students.

### 304. Observation and Supervised Teaching.

Every quarter. Nine hours per week. Credit: six quarter hours.

Two quarters of practice teaching are required of all music majors. The student may elect to do both quarters in the elementary school or one quarter in elementary school and one in the high school. Combination majors with music as a second high-school major will be required to do one quarter of practice teaching in music and one quarter in the other major field.

This course is credited as Education 324Mu.

**306. Musical Literature and its Historical Development.**

Every quarter. Three hours per week. Credit: three quarter hours.

A course designed for students desiring a general knowledge of musical literature. A study of musical literature, ancient and modern, in its relation to man; acquaintance with outstanding composers and their compositions; survey of available radio and community programs; attendance at all available concerts is required.

Not open to music majors.

**APPLIED MUSIC: INDIVIDUAL INSTRUCTION****Major Choice**

Piano, Voice, or Orchestral Instrument

Courses in Applied Music are open to all College Students. Entrance to advanced courses by examination and consent of the instructor.

All individual instruction carries with it a fee of \$20.00 per quarter for two half-hour lessons per week.

**30A, 30B, 30C. Piano.**

Fall, winter, and spring quarters. One hour per week. Credit: one quarter hour each.

Hand position; fundamental touches; general posture; scale and arpeggio work; development of technic throughout the course; stressing of time and rhythm; studies and pieces suited to the individual student.

**130A, 130B, 130C. Piano.**

Fall, winter, and spring quarters. One hour per week. Credit: one quarter hour each.

Prerequisite: Music 30A, 30B, 30C.

**230A, 230B, 230C. Piano.**

Fall, winter, and spring quarters. One hour per week. Credit: one quarter hour each.

Prerequisite: Music 130A, 130B, 130C.

**330A, 330B, 330C. Piano.**

Fall, winter, and spring quarters. One hour per week. Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 230A, 230B, 230C.

**40A, 40B, 40C. Voice.**

Fall, winter and spring quarters. One hour per week.  
Credit: one quarter hour each.

The course presents the fundamentals of voice production: posture breathing, tone production, vowel and consonant placement.

Texts: Sieber, Concone, Vaccai.

No prerequisite.

**140A, 140B, 140C. Voice.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 40A, 40B, 40C.

**240A, 240B, 240C. Voice.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 140A, 140B, 140C.

**340A, 340B, 340C. Voice.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 240A, 240B, 240C.

**50A, 50B, 50C. Violin.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

This course is a foundation of violin technique. A study of fingering and bowing in first position.

**150A, 150B, 150C. Violin.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 50A, 50B, 50C.

**250A, 250B, 250C. Violin.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 150A, 150B, 150C.

**350A, 350B, 350C. Violin.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 250A, 250B, 250C.

**51A, 51B, 51C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

A study of elementary cello technique; fingering and bowing in first position.

**151A, 151B, 151C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: 51A, 51B, 51C.

**251A, 251B, 251C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 151A, 151B, 151C.

**351A, 351B, 351C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 251A, 251B, 251C.

**53A, 53B, 53C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

A study of tone production and playing technique for the beginning student.

**153A, 153B, 153C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 53A, 53B, 53C.

**253A, 253B, 253C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 153A, 153B, 153C.

**353A, 353B, 353C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 253A, 253B, 253C.

**54A, 54B, 54C. Trombone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

A study of the production and slide positions for the beginning student.

### 154A, 154B, 154C. Trombone.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 54A, 54B, 54C.

### 254A, 254B, 254C. Trombone.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 154A, 154B, 154C.

### 354A, 354B, 354C. Trombone.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 254A, 254B, 254C.

### 56A, 56B, 56C. Clarinet.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

A study of tone production and playing technique for the beginning student.

### 156A, 156B, 156C. Clarinet.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 56A, 56B, 56C.

### 256A, 256B, 256C. Clarinet.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 156A, 156B, 156C.

### 356A, 356B, 356C. Clarinet.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 256A, 256B, 256C.

### 57A, 57B, 57C. Saxophone.

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

A student may select any of the saxophone family.

A study of the tone production and playing technique for the beginning student.

**157A, 157B, 157C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 57A, 57B, 57C.

**257A, 257B, 257C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 157A, 157B, 157C.

**357A, 357B, 357C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 257A, 257B, 257C.

**APPLIED MUSIC—GROUP INSTRUCTION**

**Group IA. Piano Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An orientation course in piano technique, leading, through simple selections, toward the mastery of simple accompaniments.

**Group IB. Piano Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IA.

**Group IC. Piano Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IA, IB.

**Group IIA. Voice Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An orientation course in vocal technique leading to a mastery of the fundamental principles of good voice production. Topics: stage presence; breath control; vowel formation; consonant formation; tone production; resonance; the head voice; interpretations.

**Group IIB. Voice Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IIA.

**Group IIC. Voice Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IIA, IIB.

**Group IIIA. Instrumental Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

A practical course in learning the technique of tone production and pitch variation of the orchestral instruments. Two instructors will have charge of this class and students will have an opportunity to play together in ensemble formation simple exercises and harmonies.

**Group IIIB. Instrumental Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IIIA.

**Group IIIC. Instrumental Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IIIA, IIIB.

**Group IVA. Piano Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An advanced course in piano group instruction.

Prerequisite: Group IA, IB, IC or equivalent.

**Group IVB. Piano Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IVA.

**Group IVC. Piano Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group IVA, IVB.

**Group VA. Voice Group.**

Fall quarter. Two quarter hours. Credit: two quarter hours.

An advanced course in Vocal group instruction.

Prerequisite: Group IIA, IIB, IIC or equivalent.

**Group VB. Voice Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group VA.

**Group VC. Voice Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group VA, VB.

**MUSICAL ORGANIZATIONS****272. Girls Glee Club.**

Every quarter. Two hours per week. Credit: one quarter hour.

A study and production of standard choral works for female voices.

Prerequisite: an acceptable singing voice.

Laboratory fee, \$.50.

**273. Boys Glee Club.**

Every quarter. Two hours per week. Credit: one quarter hour.

A study and production of standard choral works for male voices.

Prerequisite: an acceptable singing voice.

Laboratory fee, \$.50.

**370. Advanced Chorus.**

Every quarter. Two hours per week. Credit: one quarter hour.

A selected group from 272 and 273.

A study and production of advanced classical compositions for mixed voices.

Laboratory fee, \$.50.

**281. College Band.**

Every quarter. One rehearsal per week. Credit: one quarter hour.

A study and production of standard works for band.

Prerequisite: the ability to play a band instrument.  
Laboratory fee, \$.50.

## 282. College Orchestra.

Every quarter. One rehearsal per week. Credit: one quarter hour.

A study and production of classical orchestral compositions.

Prerequisite: the ability to play an orchestral instrument.

Laboratory fee, \$.50.

## \*380. Instrumental Ensemble.

Every quarter. Rehearsal hours arranged. Credit: two quarter hours.

A study and production of compositions for various instrumental combinations.

Prerequisite: the ability to read and play advanced instrumental compositions.

Laboratory fee, \$.50.

## NATURAL SCIENCE

Mr. Slay, Mrs. Chase, Miss Spangler, Mr. Stull, and Miss Wilson

### BIOLOGY

## 23, 24, 25. Elements of Biology.

Fall, winter, and spring quarters. Two lectures and two hours of laboratory work per week. Credit: three quarter hours.

These are courses in practical biology intended to acquaint the student with the biological principles concerning man and his environment.

Laboratory fee, \$2.00 per quarter.

## 34, 35, 36. General Biology.

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

These are courses in general biology intended to give the student an understanding of the fundamental processes of life. They include a study of the problems of reproduction and heredity and a study of the biological relationships between plants and animals, including man.

Laboratory fee, \$2.00 per quarter.

---

\*A fee of \$1.00 per quarter will be charged for all instruments furnished by the College.

**61, 62. Elementary Science (Nature Study).**

Fall, winter, and spring quarters. Three hours per week.  
Credit: three quarter hours.

A content course in science for teachers of the primary grades. Selected materials from the field of science to suit the needs of the primary teacher are used. Biological materials are emphasized.

**111. Zoology (Invertebrate).**

Fall quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

A survey of the invertebrates with a detailed study of representative forms.

Prerequisite: Biology 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00.

**V 112. Zoology (Vertebrate).**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course includes a study of the simpler chordate animals, a study of a representative series of vertebrate animals, and the detailed study of one mammal.

Prerequisite: Biology 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00.

**113. Human Physiology.**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course consists of lectures and laboratory work dealing with the following systems of organs, skeletal, muscular, digestive, respiratory, circulatory, excretory, nervous, and reproductive.

Prerequisite: Biology 34, 35, 36 and Chemistry 44, 45, 46 or their equivalent.

Laboratory fee, \$2.00.

**206. Nature Study.**

Fall and spring quarters. Four hours per week. Credit: three quarter hours.

A study is made of the common flowers, trees, insects, birds, and other animals.

Nature literature and field work supplement the lectures.

**V 212, 213. Botany.**

Fall and winter quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Fundamental plant studies. Structure, growth, and physiology of seed plants, and morphology and development of the four major groups of the plant kingdom.

Prerequisite: Courses 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00 per quarter.

### 214. Botany.

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Physiology and ecology of seed plants with special emphasis on growth and horticultural applications.

Prerequisite: Courses 212, 213 or their equivalent.

Laboratory fee, \$2.00.

### 310. Bacteriology.

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course includes a study of yeast, mold, and bacteria with special emphasis on bacteria in their more intimate relations to man.

Prerequisite: Biology 34, 35, 36 or equivalent, and Chemistry 44, 45, 46.

Laboratory fee, \$2.00.

### 330. Heredity.

Spring quarter. Three hours of lecture per week and two hours of laboratory work per week optional. Credit: three or four quarter hours.

A study of the laws of heredity and their application in Evolution and Eugenics. The laboratory work includes experiments with the fruit fly, *Drosophila melanogaster*.

Prerequisite: Biology 34, 35, 36 or their equivalent or consent of instructor.

Open to graduate students.

### 350. Histology.

Fall quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Slides of plant and animal tissues are prepared. Students learn to identify plant and animal tissues from these slides. Students are given the opportunity of preparing a collection of slides for their own use.

Prerequisite: At least two years of college biology.

Open to graduate students.

Laboratory fee, \$2.00.

**360. Embryology.**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

The early development of the vertebrates are studied, including the formation of the systems of organs. The development of some one vertebrate is studied in the laboratory. Slides showing this development are prepared by the students.

Prerequisite: Two years of college biology.

Open to graduate students.

Laboratory fee, \$2.00.

**CHEMISTRY****44, 45, 46. General Chemistry.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course is designed for students who wish to gain a broad knowledge of the more interesting phases of the subject. Recommended for students who plan to teach in secondary schools.

Laboratory fee, \$2.00 and breakage.

**54, 55, 56. General Inorganic Chemistry.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

A course in which emphasis is placed upon the theoretical phases of the subject. Recommended for pre-medical and pre-dental students, and for those who plan to major in chemistry.

Laboratory fee, \$2.00 and breakage.

**120. Semi-Micro Qualitative Analysis.**

One lecture and six hours of laboratory work per week. Credit: four quarter hours.

The analysis of simple ores, alloys, and industrial products.

Prerequisite: Chemistry 44, 45, 46 or 54, 55, 56.

Laboratory fee, \$2.00 and breakage.

**121. Gravimetric Analysis.**

One lecture and six hours of laboratory work per week. Credit: four quarter hours.

Introduction to gravimetric methods of analysis, together with advanced work in stoichiometry.

Prerequisite: Chemistry 44, 45, 46 or 54, 55, 56.  
Laboratory fee, \$2.00 and breakage.

### 122. Volumetric Analysis.

One lecture and six hours of laboratory work per week.  
Credit: four quarter hours.  
Presentation of volumetric methods of analysis, and the underlying theory.  
Prerequisite: Chemistry 121.  
Laboratory fee, \$2.00 and breakage.

### 207, 208, 209. Organic Chemistry.

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.  
These courses include a study of the principal compounds of both the aliphatic and the aromatic series, emphasizing those compounds which relate to foods, fuels, and other household uses.  
Laboratory fee, \$2.00 per quarter and breakage.

### 210. Household Chemistry.

Spring quarter. One lecture and four hours of laboratory work per week. Credit: three quarter hours.  
Elective.  
This course includes a study of chemistry that relates to the household. Emphasis is placed on the following topics: atmosphere and ventilation, water, metals, fuels, foods, leavening agents, cleansing agents, disinfectants, and preservatives.  
Laboratory fee, \$2.00 and breakage.

### 300, 301, 302. Physical Chemistry.

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.  
Introduction to theoretical chemistry, and its fundamental laws.  
Prerequisite: Chemistry 122 and Physics 215, 216, 217.  
Laboratory fee, \$2.00 per quarter and breakage.

### 309. Physiological Chemistry.

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.  
Elective.  
This course includes a study of the body processes of respiration, circulation, digestion, absorption, metabolism, ex-

cretion, and coordination. Designed especially for home economics students but open to all who have had the necessary prerequisites.

Prerequisite: 44, 45, 46, 207, 208, 209 or their equivalent.

Open to all graduate students.

Laboratory fee, \$2.00 and breakage.

### 312. Food Chemistry.

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Elective.

Open to students who have had chemistry 44, 45, 46, 207, 208, and 209 or their equivalent.

A course designed to accompany a more advanced study of foods. Food classification, analysis, detection of adulterants, and tests for the detection of specific foods.

Open to graduate students.

Laboratory fee, \$2.00 and breakage.

## HEALTH

### 100. Personal Hygiene.

Three hours per week. Credit: three quarter hours.

The study of hygiene as a means of improving and conserving health and efficiency.

Lectures and class discussions on the relation of diet, exercise, sleep, bathing, clothing, etc., to our daily work.

### 105. School and Community Hygiene.

Winter quarter. Three hours per week. Credit: three quarter hours.

The study of hygiene as applied to school and community activities. This includes the care of buildings and grounds, water supply, control epidemics, proper heating and ventilation of buildings, and inspection of foods.

## PHYSICS

### 215, 216, 217. General Physics.

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Courses of lectures, recitations, and individual laboratory work covering the divisions of mechanics, heat, light, sound, magnetism, and electricity. The purpose of the courses is to acquaint the student with physical terms and quantities

and an appreciation of the laws that underlie physical science.

Laboratory fee, \$2.00 per quarter.

### 218, 219. Household Physics.

Winter and spring quarters. Two lectures and two hours of laboratory work per week. Credit: three quarter hours. Open to all students of sophomore standing.

A study of laboratory projects in physics with special application to household uses, emphasis being placed on the study of heating systems, electrical appliances in the home, water supply, illumination, heat conduction, etc.

Laboratory fee, \$2.00.

## PHYSICAL SCIENCE

### 171, 172, 173. General Science.

Fall, winter, and spring quarters. Three hours per week. Credit: three quarter hours.

A survey course in general science designed to meet the needs (1) of those students who desire a fundamental knowledge of scientific principles, and (2) for those students planning to teach general science in high school.

Open to all students.

### 200. Mineralogy.

Winter quarter. Three hours per week. Credit: three quarter hours.

This course includes a study of the more common minerals. Emphasis is placed on the commercial use of minerals in everyday life.

Open to students of sophomore or junior standing.

### 316 (116). Descriptive Astronomy.

Fall quarter. Three hours per week. Credit: three quarter hours.

This course includes a descriptive study of the heavenly bodies and their relation to man and his daily activities.

This course is open to all students of junior standing.

## SCIENCE EDUCATION

### 223a. Materials and Methods in the High School Physical Sciences.

Spring quarter. Three recitations per week. Credit: three quarter hours.

This course includes lectures, demonstrations, and class discussions on the materials and methods used in the teaching of the physical sciences.

**223b. Materials and Methods in the High School  
Biological Sciences.**

Winter quarter. Three recitations per week. Credit: three quarter hours.

This course includes lectures, demonstrations, reports, and class discussions on the materials and methods used in the teaching of the biological sciences.

This course may be substituted for 223A by science majors.

**223c. Materials and Methods in Elementary Science.**

Winter quarter. Three hours per week. Credit: three quarter hours.

This course consists of lectures, demonstrations, and class discussions on the materials and methods used in the teaching of elementary science.

**230. Educational Biology.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: A year of Biological Science, General Psychology, and Educational Psychology.

**321. Observation and Supervised Teaching.**

One quarter. Nine hours per week. Credit: six quarter hours.

**322. a.b.c. Apprenticeship Science.**

Fall, winter, and spring quarters. Credit: three quarter hours.

Open to science majors of junior or senior standing.

**400. a.b.c. Seminar in Science Education.**

Two hours per week. Three quarters. Credit: six quarter hours.

Required of all candidates for the Master's Degree who elect Science as a major.

(See Education 400 a.b.c.)

**420. Investigations in Elementary Science.**

Three hours per week. Credit: three quarter hours.

A course designed to offer opportunities for special investigations in the field of elementary science.

#### 430. The Teaching of General Science in Secondary Schools.

Fall quarter. Three hours per week. Credit: three quarter hours.

This course deals with content, methods, laboratory work, equipment, textbooks, tests, and reference readings of the introductory course in high school science. Attention will be given to the special studies made in the field of general science.

#### 440. Teaching of the Biological Sciences in Secondary Schools.

Fall quarter. Three hours per week. Credit: three quarter hours.

This course deals with the content, methods, laboratory work, equipment, textbooks, tests, and reference readings of the high school course in biology. Attention is given to the special studies made in the field of the high school biological studies.

#### 450. Teaching of Chemistry in Secondary Schools.

Winter quarter. Three hours per week. Credit: three quarter hours.

This course deals with the content of the high school course with the methods of presentation through lecture, laboratory, and demonstration; reference reading including the special studies made in the field of high school chemistry and the discussion of problems relating to the function of chemistry in the course of study and the reorganization of its contents.

#### 460. Teaching of Physics in Secondary Schools.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course deals with the content of the high school course, methods of presentation, laboratory work, equipment, textbooks, tests, and reference readings including the special studies of high school physics and physics teaching.

### PHYSICAL EDUCATION

Mr. Alexander and Miss Norton

The aim of Physical Education in the College is two-fold: first, to bring about normal growth and development, the conservation of health, and the neuro-muscular con-

trol required for prompt and accurate response; second, to inspire the student teachers to work toward maximum physical and mental fitness of the children of North Carolina.

In short, if Physical Education may insure physical efficiency, mental sanity, and a healthful and intelligent interest in a life-long practice of all forms of activities which stimulate them, it has fulfilled its purpose.

Where physical disability makes it advisable not to participate in the regularly organized class activities, work in a corrective class, depending on the needs of the student, is prescribed. No one is excused from this requirement.

A gymnasium uniform is required of every girl taking Physical Education. This may be bought at the Stationery Room after entering college.

## 2. Activities for the Primary Grades.

Two hours per week. Credit: one quarter hour.

This course includes the study of rhythms, singing games, and simple little dances that are adapted for use in the primary grades.

## 3. Activities for the Grammar Grades.

Two hours per week. Credit: one quarter hour.

This course includes activities to be taught in the grammar grades. Schoolroom and outdoor games and a few folk dances are given.

## 13. Speedball and Soccer.

Three hours per week. Credit: one quarter hour.

This course deals with the fundamental technique of speedball and Soccer as team games. Emphasis is placed upon a mastery of the fundamentals.

## 14. Basketball and Volley Ball.

Three hours per week. Credit: one quarter hour.

This course deals with the fundamental technique of basketball and volley ball as team games. Emphasis is placed upon a mastery of the fundamentals.

## 15. Fieldball, Softball, and Baseball.

Three hours per week. Credit: one quarter hour.

This course covers the playing fundamentals of fieldball,

softball, and baseball sufficiently to enable the individual to enjoy the games as a participant or spectator.

16. Orientation in Physical Education.

Three hours per week. Credit: one quarter hour.

The object of this course is to familiarize the student with the health, recreational, and educational potentialities of Physical Education as it applies to present day educational practices.

21. Fundamentals of Tennis.

Three hours per week. Credit: one quarter hour.

The object of this course is to familiarize the student with the fundamentals and elementary principles underlying tennis as a recreational and competitive game.

22. Fencing.

Three hours per week. Credit: one quarter hour.

This course is to familiarize the student with the fundamentals of fencing and the use and care of fencing equipment.

Laboratory fee, \$1.00.

23. Group Activities.

Three hours per week. Credit: one quarter hour.

The handling of group games and activities suitable for playground and camp with limited equipment is the aim of this course.

25. Elementary Individual Activities.

Three hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize the individual with those activities best fitted to his specific needs as regards to health, posture, and body control.

26. Intermediate Individual Activities.

Three hours per week. Credit: one quarter hour.

A continuation of Phy. Ed. 25.

27. Advanced Individual Activities.

Three hours per week. Credit: one quarter hour.

A continuation of Phy. Ed. 26.

31. Boxing.

Three hours per week. Credit: one quarter hour.

The aim of this course is to familiarize the student with the elementary principles and technique of boxing and sparring.

**32. Wrestling.**

Three hours per week. Credit: one quarter hour.

The simpler holds used in intercollegiate and interscholastic wrestling are taught. Ring strategy and conditioning drills form a part of the required work.

**33. Officiating Combat Sports.**

Three hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize students with the rules and official studies and duties in conducting interscholastic boxing and wrestling contests and other combat sports.

**34. Scouting Activities and Scout Leadership.**

Three hours per week. Credit: three quarter hours.

The organization and conduct of Boy and Girl Scout Troops and the leadership of scout activities is stressed. Attendance on one camping trip compulsory.

Laboratory fee, \$2.00.

**104. Archery and Archery Games.**

Three hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize the student with the techniques of archery, clout and target shooting, the care and repair of equipment is stressed.

Laboratory fee, \$2.00.

**105. Leisure Time Activities.**

Three hours per week. Credit: one quarter hour.

This course is to familiarize the student with the simpler and less strenuous games of popular recreational nature; as, croquet, badminton, aerial darts, shuffleboard, quoits, and deck tennis.

Laboratory fee, \$1.00.

**106. Track and Field Activities.**

Three hours per week. Credit: one quarter hour.

This course familiarizes the individual with the fundamental stances, techniques, and principles underlying successful participation in track and field sports.

**107. Clog and Character Dancing.**

Three hours per week. Credit: one quarter hour.

The fundamental steps and simpler routines of clog, tap, and character dancing form the basis of this course.

**110. Indoor Social Activities.**

Three hours per week. Credit: one quarter hour.  
Games suited to party, group, and community organizations are stressed in this course. Games possessed of maximum entertainment possibilities and requiring little or no equipment are stressed.

**111. Social and Ballroom Dancing.**

Three hours per week. Credit: one quarter hour.  
An introduction to the elementary steps and technique of Social Dancing.

**112. Physical and Ballroom Dancing.**

Three hours per week. Credit: one quarter hour.  
A continuation of physical education 111 with the emphasis on ballroom dances of intermediate difficulty.

**113. Social and Ballroom Dancing.**

Three hours per week. Credit: one quarter hour.  
A continuation of Physical Education 112 with emphasis on the mastery of contemporary social dances.

**201. Intermediate Acrobatics and Tumbling.**

Three hours per week. Credit: one quarter hour.  
The aim of this course is to teach the mechanics and techniques of acrobatics and tumbling. Individual activities are stressed. Limbering and control drills are required. Open to men and women.

**203. Modern Swedish Gymnastics.**

Three hours per week. Credit: one quarter hour.  
Emphasis upon developmental activities for the correction of body defects and for general physical development are stressed. Teaching drills and arousal activities form the basis of the work.

**211. The Coaching of Football.**

Two hours of lecture and four hours of drill per week.  
Credit: three quarter hours.  
The coaching fundamentals, individual techniques, and conditioning activities pertaining to the teaching and coaching of high-school football are the major aims of this course. Notebook required.  
Laboratory fee, \$1.00.

**212. Coaching Girl's Basketball.**

Two hours lecture and four hours drill per week. Credit: three quarter hours.

The aim of this course is to teach the fundamentals and teaching factors of girl's basketball. Actual mastery of game techniques are required. All students are required to officiate in games and aid in the carrying on of intra-mural basketball activities.

**213. Coaching Boy's Basketball.**

Two hours lecture and four hours drill per week. Credit: three quarter hours.

The aim of this course is to teach the fundamentals essential to success in teaching basketball. Lectures, drills, and motion pictures are used to emphasize the course. Officiating in intra-mural games required.

Laboratory fee, \$1.00.

**214. Coaching Baseball, Track, and Field Sports.**

Two hours of lectures and four hours of field practice per week. Credit: three quarter hours.

The mastery of the essential techniques and coaching points of Baseball, Track, and Field is given through lectures. Field drills and a study of modern methods of teaching game skills in the various positions form the basis of this course.

**215. Administration of Physical Education in Rural and Village Schools.**

Three hours per week. Credit: three quarter hours.

A study of the problems of administration of the needs of a curriculum of physical education in the rural and village school environment, together with the underlying principles of carrying on a sane program with limited resources.

**216. Administration of Health and Physical Education.**

Three hours per week. Credit: three quarter hours.

A study of the problems of administration of health and physical education and of the needs of local units. Special emphasis is placed upon the problems of adaptation of a physical and health education program to the curriculum of community schools.

**217. Methods and Principles of Physical Education.**

Three hours per week. Credit: three quarter hours.

This course gives the student an opportunity to familiarize

himself with the latest methods of presenting the various units in the physical and health education program. Classroom and gymnasium procedures are outlined and lesson plans made for class groups of different sizes and for varying conditions.

### 223. Methods of Teaching Physical Education in the High School.

Three hours per week. Credit: three quarter hours.  
Methods of presenting and teaching Physical Education in the high school; the State and proposed National objectives, aims, and requirements are brought before the student. The handling of high school groups under varying conditions is stressed.

### 225. Safety and First Aid Practice and Theory.

Three hours per week. Credit: three quarter hours.  
Methods of caring for injuries and applying first aid to the injured, together with methods of preventing injuries and accidents form the basis of this course.  
Demonstrated by the students.

### 227. Playground Supervision.

Three hours per week. Credit: three quarter hours.  
The management and conduct of school and community playgrounds and the problems involved in such administration form the basis of this course. Large school and community playgrounds are visited and their work observed.  
Laboratory fee, \$2.00.

### 302. The Organization and Supervision of Physical Education.

Three hours per week. Credit: three quarter hours.  
A study of the problems of organization and supervision of physical education at the various school levels. Teacher load, program planning, grading, and promotion are discussed. The duties of the supervisor and his relationship to the various administrative groups are studied.

### 305. The Physical and Health Education Curriculum.

Three hours per week. Credit: three quarter hours.  
A careful study of the curriculum in health and physical education as it can be adapted to various age and ability levels; course planning for groups of varying abilities and interests and for varying environmental set-ups form the major part of the work.

**306. The Theory of Remedial Physical Education.**

Three hours per week. Credit: three quarter hours.

A thorough study of the various common remedial defects with suggestions for their correction.

**324 (A). Observation and Supervision of Teaching****Physical Education in the Elementary Grades.**

Three lectures and one observation period per week. Credit: six quarter hours.

Observation of teaching and a study of teaching problems as they arise in classroom situations form the basis of this course. Actual teaching, lesson planning, and the care of necessary equipment and supplies needed in teaching required.

**324 (B). Observation and Supervised Teaching of****Physical Education in the High School.**

Three hours lecture per week and six hours teaching required. Credit: three quarter hours.

Observation and practice teaching at the high school level; conferences, lesson plans, and the organization of equipment and supplies required.

**PSYCHOLOGY**

Mr. Adams, Miss Charlton, Mr. Haynes, Mr. Henderson, and  
Miss Newell

**103. General Psychology.**

Every quarter. Three hours per week. Credit: three quarter hours.

Required of all students taking four-year courses.

Aim: To provide for the student a course in the general principles of psychology.

Topics: The nervous system; sense organs; organs of response; inherited modes of behavior, such as reflexes, instincts, emotions, feelings, sensation, attention, intelligence; individual differences.

**201. Psychology of Childhood.**

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

Aim: To give the student an opportunity to study the factors and methods of study in psychological research.

Topics: Sources of original nature; characteristics of original nature; physical activity; innate tendencies such as

play, gregariousness, rivalry, responses to other human beings, emotion, etc.; memory; interest; attention; some of the laws of habit formation; and individual differences.

#### 204. Educational Tests and Measurements.

Every quarter. Three hours per week. Credit: three quarter hours.

Required of all students preparing to be grammar-grade teachers.

Aim: To acquaint the student with educational tests and the uses of these tests.

Topics: Titles, publisher, structure, giving, scoring, tabulating results, interpreting results; and test uses in grading, classifying, and promoting students.

#### 205. Educational Psychology.

Three hours per week. Credit: three quarter hours.

Required of Juniors.

Prerequisite: Psychology 103, or its equivalent, and at least sophomore standing.

Topics: Biological background of heredity; the nervous system; organic, social, and playful responses, and their modifications; instincts and intelligence; and some of the higher mental processes.

#### 308. Psychology of Elementary School Education.

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

Required of Juniors and Seniors working for primary or grammar-grade Class A certificate.

Aim: To give the student an opportunity to study the psychological principles underlying the teaching and learning of the elementary school subjects.

Topics: Certain elementary school subjects, the choice to suit the group.

#### 309. High School Tests.

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

Required of all students preparing to be high-school teachers.

Aim: To acquaint the student with high-school tests.

Topics: Development of test movement, aims of tests, giving tests, scoring tests; and the uses of test results in grading, classifying, and promoting students.

**312. Psychology of Secondary School Education.**

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

Aim: To give the student an opportunity to study the psychological principles underlying the teaching and learning of the high school subject.

Topics: Certain high school subjects, the choice to suit the group taking the course.

**315-316-317-318. Problems in Mental Testing.**

These are one-credit courses. Any quarter on demand for individual students.

Prerequisite: Junior or senior standing and credit in Psychology 103 or its equivalent. Also open to graduate students.

Unit one: In this unit the student becomes familiar with the materials of the Revised Stanford-Binet Scales; learn something of the history of its development; becomes acquainted with the technique of giving this test; and administers it to at least six individuals independent of assistance.

Unit two: To meet the requirements of this unit the student must satisfactorily administer the Binet Intelligence Scale to at least ten children and make reports of these testings showing analyses, and interpretations of results.

Unit three: In this unit the student is given opportunity to administer, evaluate, and interpret the results of group intelligence tests.

Unit four: A study of the history of intelligence testing. Other units will be offered as demand arises. The satisfactory completion of any one unit will get one hour credit.

**340. Psychology of Adolescence.**

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

This course is intended to make a study of pre-adolescence and adolescence. Behavioristic changes that are concomitant with the physiological changes of adolescence; their meaning and treatment in education training; social institutions designed to meet these changes, such as Boy Scouts and Campfire Girls, are some of the topics given consideration.

**350. Psychology of Reading in the Elementary School.**

Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

For Seniors working for primary or grammar-grade Class A certificate.

Aim: To give the student an opportunity to study the psychological principles underlying the teaching and learning of reading.

Topics: Bringing about a readiness to read; teaching and learning how to read; skills essential for reading to learn; schoolroom diagnosis of reading difficulties; and remedial work on all levels.

#### 410. Mental Tests and Measurements.

Any quarter on demand. Three hours per week. Credit: three quarter hours.

Prerequisite: Psychology 103, or its equivalent.

Aim: To acquaint the student with mental tests and measurements.

Topics: Group and individual tests; the technique of giving and scoring; interpretation of results; uses in classifying and promoting children; study of intelligence and its measurements.

#### 411. Psychology of Learning.

Three hours per week. Credit: three quarter hours.

Elective for Seniors.

Prerequisite: Psychology 103, or its equivalent.

Aim: To provide for the student a working knowledge of the laws of learning and habit formation.

Topics: Animal learning; human learning; habit formation; analysis of the laws of learning. Experimental work is continued throughout the course.

#### 421. Social Psychology.

Three hours per week. Credit: three quarter hours.

Prerequisite: Six hours in Psychology, including 103.

In this course a study is made of the innate tendencies that are stimulated by other beings and their behavior. Also the organization of group attitudes, such as cooperation, opposition, etc., and group habits, customs, language, and imitation.

### PUBLIC SCHOOL ART

Miss Lewis and Miss Schnyder

This course is planned to prepare teachers, and through them the children, for everyday living. The children of today are to be the producers and consumers of the

future; so our aim is to develop the power to produce and choose only the things which are in good taste.

**1. Color and Design for Grades 1-3.**

Three hours per week. Credit: three quarter hours.

Required of all students who are working for a primary certificate.

Paper-cut lettering for grades 1-3.

Drawing for grades 1-3.

Poster work for grades 1-3.

Work for special seasons, Hallowe'en, Thanksgiving, and Christmas.

**3. Color and Design for Grades 4-7, Inclusive.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Required of all Freshmen majoring in Home Economics.

A beginner's course for students desiring technical training in the fundamental principles of color and design.

**15a. Color and Design.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Required of all Freshmen majoring in Home Economics.

A beginner's course for students desiring technical training in the fundamental principles of color and design.

**15b. Color and Design (continued).**

Winter quarter. Three hours per week. Credit: three quarter hours.

Elective.

Prerequisite: Public School Art 15a.

**102. Art for Grades 1-3, Inclusive.**

Three hours per week. Credit: three quarter hours.

Required of all students who are working for a primary certificate.

Spoon-bill lettering for the teacher.

Freehand paper cutting.

Freehand drawing.

Work for special seasons, Washington's Birthday, Valentine, Easter, and May baskets.

**104. Art for Grades 4-7, Inclusive.**

Three hours per week. Credit: three quarter hours.

Required of all students who are working for a grammar-grade certificate.

Prerequisite: Public School Art 3.  
Color and Design continued.  
Spoon-bill lettering.

### 109. Basketry.

Spring quarter. Three hours per week. Credit: three quarter hours.  
Elective.

### 119. Freehand Drawing. Perspective.

Winter quarter. Three hours per week. Credit: three quarter hours.  
Offered every other year. Odd years.  
The principles of perspective as applied to mathematics and science will be studied.

### 208. Crafts for Grammar Grades.

Winter quarter. Three hours per week. Credit: three quarter hours.  
Elective for all college students working for a grammar-grade certificate.  
This course makes use of all principles previously learned in Art 3 and 104, and applies them to advanced grammar-grade work. A few lessons in toy-making will be offered.  
Prerequisites: Public School Art 3 and 104 or their equivalent.

### 218. Art Appreciation.

Spring quarter. Three hours per week. Credit: three quarter hours.  
Elective.  
A cultural course, including a survey of architecture, sculpture, and painting. Designed to lead students to an intelligent appreciation of the beauty and meaning of works of art. Copies of many world-renowned works of art will be studied and criticized from an artistic standpoint.

### 220. Lettering and Poster-making.

Winter quarter. Three hours per week. Credit: three quarter hours.  
This course is planned to teach the essentials of color, design, and lettering for posters related to high school work.  
Elective.  
Offered every other year. Even years.

**221. Work for Primary Grades.**

Three hours per week. Credit: three quarter hours.  
Elective for college students working for a primary certificate.

This course is planned to be a continuation of Public School Art 1 and 102.
